Bachelor of Computer Science graduate from BINUS University with a strong interest in software development and business-oriented solutions. Possess hands-on experience in Odoo ERP development, system customization, and API-based integrations. Comfortable working in collaborative environments, delivering reliable solutions, and continuously improving technical and problem-solving skills.

## EDUCATION

Universitas Bina Nusantara

Bachelor of Computer Science, GPA 3.01 / 4.00

August 2021 – 2025

SMAK 3 BPK Penabur Bandung

Science Stream

February 2018 – November 2021

## WORK EXPERIENCE

Odoo Developer – PT Maju Express Indonesia

September 2025 – March 2026

Contributed to the development and customization of Odoo ERP solutions for a mobile phone distribution company, supporting end-to-end business processes across Sales, Accounting, and Inventory modules. Entrusted with managing and integrating retail business operations through API-based solutions to ensure seamless data flow, operational efficiency, and system reliability.

Odoo Developer – PT WIR ASIA Tbk (Internship)

February 2024 – February 2025

Completed an intensive five-month training program covering Odoo development, Python programming, and ERP system fundamentals. Progressed to full project involvement, participating in the complete development lifecycle including requirements analysis, module customization, deployment, and client support. Worked closely with senior developers on real business implementations, strengthening understanding of Odoo architecture and business process automation.

Freelance Odoo Developer (Full WFO)

February 2025 – August 2025

Worked as a full-time on-site freelance Odoo Developer, handling increased responsibilities in application development and maintenance. Collaborated with cross-functional teams to design customized solutions, troubleshoot issues, and optimize system performance. This role strengthened the ability to work under tight deadlines while maintaining high code quality and system reliability.

Part-time Tutor & Admin – Bimbel Abigail

May 2021 – December 2022

Served as both an administrative assistant and mathematics tutor for primary school students. Taught fundamental arithmetic concepts such as addition and multiplication, while also managing administrative activities to ensure smooth daily operations of the institution.

## ORGANIZATION & VOLUNTEERING EXPERIENCE

Binus Nusantara Computer Club – Member

Present

Regularly participate in technology seminars, professional development sessions, and inspirational talks.

Binus Game Developer Club – Member

April 2022 – Present

Engaged in game development learning activities, including Java-based game creation and character design conceptualization, demonstrating commitment to continuous learning in game development.

#### Teach For Indonesia – Volunteer

November 2022

Volunteered in social service initiatives involving health check-ups for church congregations and surrounding communities.
